Software Developer

Computer Science undergraduate with a strong foundation in Software Engineering, Full-Stack Web Development, and data-driven problem solving. Currently learning the MERN stack by building web applications and strengthening core algorithms through Data Structures and Object-Oriented Programming. Seeking an entry-level Software Engineer or Full-Stack Developer role to build scalable applications and contribute to real-world software solutions.

Projects

Myntra Clone E-Commerce Web App

Jan 2026 – Feb 2026

Tech Stack: HTML5, CSS3, JavaScript (DOM Manipulation), Git

[Live Link](#)

- Developed a responsive e-commerce web application inspired by Myntra using HTML, CSS, and JavaScript.
- Implemented product listing, category navigation, shopping bag functionality, and responsive user interfaces.
- Used JavaScript DOM manipulation and event handling to create interactive user experiences.
- Organized the project using Git and GitHub for version control and source code management.

Image Gallery Web Application

Nov 2025 – Dec 2025

Tech Stack: Vanilla JavaScript, CSS Grid/Flexbox, ARIA Accessibility

[Live Link](#)

- Built a fully responsive image gallery with category-based filtering, custom lightbox viewer, and keyboard navigation using vanilla JavaScript (no external libraries).
- Implemented smooth CSS Grid/Flexbox layouts that adapt across desktop, tablet, and mobile viewports.
- Added accessibility features including keyboard-focusable gallery items and ARIA labels for screen reader support.

Core Competencies & Skills

Languages: JavaScript, Python, C++, HTML5, CSS3, SQL

Frontend & Backend: React.js, Node.js, Express.js, Tailwind CSS

Databases: MySQL, MongoDB (learning)

Tools & Technologies: Git, GitHub, VS Code, Slack, Discord

Core CS Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Operating Systems, DBMS, Computer Networks

Education

BRAC University

Dhaka, Bangladesh

Bachelor of Science in Computer Science (Expected Graduation: Oct 2026)

Jul 2022 – Present

- **Relevant Coursework:** Data Structures, Algorithms, Database Systems (DBMS), Operating Systems, Computer Networks, Object-Oriented Programming.

Birshreshtha Munshi Abdur Rouf Public College

Dhaka, Bangladesh

Higher Secondary Certificate (HSC)

Jul 2018 – Jan 2021

Certifications & Training

- **UX Design Decision-making with AI** — Grameenphone Ltd. *March 2026*
- **From Insights to Influence** — Grameenphone Ltd. *March 2026*
- **Data Foundations with AI** — Grameenphone Ltd. *August 2026*

Extracurricular

Executive Member, BRAC University Response Team

- Coordinated volunteer activities and supported the successful execution of campus events.
- Collaborated with cross-functional teams to organize university events and volunteer activities.
